

80% GAS FURNACES

Every Trane 80% furnace delivers an Annual Fuel Utilization Efficiency (AFUE) of 80%, exceeding federal government standards for furnace efficiency. This means that 80% of the energy you pay for is converted into heat that keeps your home comfortable no matter what the weather's like outside.

PREMIER		80 Two-Stage Variable Speed Gas Furnace Formerly S8V2-C 80% AFUE	
		80 Single-Stage Variable Speed Ultra-Low Nox Gas Furnace* Formerly L8V1 80% AFUE <i>*Available in California and Colorado only.</i>

CHOICE		80 Single-Stage Gas Furnace Formerly S8X1 80% AFUE	
		80 Single-Stage Builder-Grade Gas Furnace Formerly S8B1 80% AFUE	

TRANE® LINK TECHNOLOGY FOR OPTIMAL PERFORMANCE.

Trane's communicating 80% gas furnaces are designed to deliver premium indoor comfort with precise control over temperature, humidity and air quality. On our 80 Two-Stage Variable Speed Gas Furnace our advanced Trane Link communicating technology seamlessly connects each of your system's components, allowing for advanced diagnostics, system performance updates, and optional remote monitoring that can help keep your system running at optimal performance levels throughout its lifetime.

MULTIPLE OPTIONS FOR EFFICIENT HEATING.

Trane's 80% two-stage gas furnaces offer an ideal blend of comfort and efficiency by adjusting fuel usage and run times to deliver just the right amount of heat. With these adjustments, you'll experience enhanced comfort, reduced temperature swings, and lower energy bills. Meanwhile, Trane's 80% single-stage gas furnaces provide an affordable option with the durable components you expect from the Trane brand.

Select models include innovative Trane Link technology, which uses Bluetooth to communicate between system components. Simply opt in through the Trane Home app to have your system's data remotely monitored for even the slightest system changes—letting you relax and enjoy the exceptional comfort your variable speed system provides.

A CLOSER LOOK

Silicon Nitride Hot Surface Igniter

Provides a highly reliable ignition system for longer service life.

Multi-Port In-Shot Burners

Perfectly shape the flame cone for the maximum heat possible while using less fuel.

Two-Stage Gas Valve

Adjusts fuel use based on your heating demand, providing more comfort with lower, longer run times and reduced temperature swings.

Trane Link Communicating Capability

Creates a seamless connection between system components to monitor system performance and efficiency - helping deliver optimal comfort.

Premier 80 Two-Stage Variable Speed

Aluminized Steel Heat Exchanger

Has a reliable design that resists corrosion, efficiently transfers heat, and is backed by a 20 year warranty.

Two-Speed Draft Inducer

Works seamlessly with the two-stage gas valve to enhance efficiency, comfort and reliability.

High Efficiency Variable Speed Blower Motor

Quietly distributes heat throughout your home while carefully controlling humidity levels by utilizing Comfort-R technology to regulate airspeed.

Vortica™ II Blower

Is quiet and efficient in both heating season and cooling season, and is only available from Trane.

The Premier 80 shown are for illustration purposes only. Please note that features and components may vary by model. As part of our continuous product improvement, Trane reserves the right to change specifications and design without notice.

¹ Registered Limited Warranty terms are available when you register within 60 days of installation. You can register online at Trane.com or by phone at 855-260-2975, otherwise Trane's Base Limited Warranty terms will apply. Base Limited Warranty information on specific products can be found on Trane.com. Ask your dealer for full warranty information at time of purchase. Warranties are for residential and multi-family use only, some exclusions may apply. Product Registration and Registration Transfer exclusions vary in the US from state to state and in Canada from province to province. To determine if there are specific exclusions for your state or province check your local laws.

THE CENTER OF HOME COMFORT

Elevate your environment and experience a new level of home comfort with a Trane Smart Thermostat

Custom Comfort

A connected HVAC system is the foundation of a comfortable home. Trane's offerings are designed with each homeowner's unique lifestyle in mind, prioritizing flexibility and personalization so they can enjoy home comfort on their terms.

Seamless Connections

Trane's smart comfort systems are engineered to integrate effortlessly into a home and homeowners' daily lives. Easy to install, use and connect to Trane systems or other smart devices, a smart HVAC system enables unparalleled convenience and control.

Proactive Diagnostics

Trane's smart diagnostics, enabled by any Trane smart thermostat, allow dealers and technicians to predict and prevent issues before they arise. These proactive capabilities ease the maintenance process for homeowners, allowing them to focus on what matters to them most.

TRANE DEALERS ARE AS HARD TO STOP AS A TRANE ITSELF.

Independent Trane dealers take great pride in creating your perfect indoor environment. They are some of the most highly trained professionals in the business—with an extensive understanding of the movement and conditioning of air and the expertise to recommend, install and maintain the right system for your home.
