

92.1 - 97.3% AFUE GAS FURNACES

Trane condensing gas furnaces deliver Annual Fuel Utilization Efficiency (AFUE) ratings from 92.1% up to 97.3%—which signifies the percentage of fuel converted into heat. Reliable and quiet, these furnaces are guaranteed to keep your home warm and comfortable even on the coldest days.

COMMUNICATING TECHNOLOGY FOR EXCEPTIONAL COMFORT.

Top-of-the-line communicating gas furnaces from Trane® offer Annual Fuel Utilization Efficiency (AFUE) ratings up to 97.3%, which means nearly 100% of your fuel is converted into usable heat for your home. As part of a Trane-matched system, Trane Link communicating technology enables optimal system performance with advanced diagnostics and seamless system updates.

SMART ENERGY USE. TOTAL COMFORT.

At AFUE ratings of 92.1% and up, high-tier efficiency is the hallmark of Trane's lineup of two-stage furnaces, which adjust fuel usage and run times to deliver just the right amount of heat. These units are equipped with highly efficient igniters, burners, and heat exchangers for reliability, while components such as the Vortica™ blower quietly deliver warmth throughout your home to keep you comfortable.

SEET® TESTED

Every Trane system is put through some of the most extreme conditions found in nature in our SEET [System Extreme Environmental Test] lab. Put through five years of severe wear and tear in just a few months, our products can stand up to the harshest environments imaginable.

TALKING
ABOUT
RELIABILITY.

A CLOSER LOOK

Direct Vent
100% fresh air option reduces heat exchanger corrosion and ensures adequate combustion air.

Multi-Port In-Shot Burners
Perfectly shape the flame cone for the maximum heat possible while using less fuel.

Silicon Nitride Hot Surface Igniter
Highly reliable ignition system provides longer service life.

Fully Modulating Gas Valve
Highly reliable, proven design that operates between 40% and 100% depending on your specific heating needs, providing for ultimate comfort and greater efficiency.

Simplified Three-Wire Connection
Allows for easy installation and is less invasive to the structure of your home.

Automotive-Grade Gaskets and Insulated Blower Compartment
Helps reduce operating sound and air infiltration.

96 Modulating Variable Speed Gas Furnace

Durable Insulated Cabinet
Insulated panels hold more heat in the furnace, ensure greater durability and reduce operating sound.

Primary Heat Exchanger
Crimped, not welded, to prevent cracks from heat stress. Stamped serpentine channel offers the greatest efficiency in less space.

Secondary Heat Exchanger
Made of AL29-4C stainless steel to capture more of the heat you pay for.

Variable-Speed Draft Inducer
Works with the 2 stage gas valve to enhance efficiency, comfort, and reliability.

Variable-Speed Blower Motor with Comfort-R™
Allows quieter system startups and shutdowns, greater efficiency and more thorough heat circulation. Also helps control humidity levels during summer months.

Communicating User Interface
Clearly displays ComfortLink™ II diagnostics to your installer for easy setup and service.

Features and components may vary by model and are shown for illustration purposes only.

Silicon Nitride Hot Surface Igniter
Provides a highly reliable ignition system for longer service life.

Multi-Port In-Shot Burners
Perfectly shape the flame cone for the maximum heat possible while using less fuel.

Two-Stage Gas Valve
Adjusts fuel use based on your heating demand, providing more comfort with lower, longer run times and reduced temperature swings.

Variable-Speed Draft Inducer
Works with modulating gas valve to enhance efficiency, comfort and reliability.

Heavy Steel Insulated Cabinet
Holds more heat in the furnace, ensures greater durability and reduces operating sound.

Formed Steel Door
Includes acrylic view windows for functional yet attractive appearance.

97 Two-Stage Variable Speed Gas Furnace

Stainless Steel Primary Heat Exchanger
Withstands higher temperatures, resists corrosion, and is efficient at heat transfer, while improving airflow efficiency in both winter and summer.

Secondary Heat Exchanger
Extracts even more heat from the combustion process and is made of corrosion-resistant stainless steel.

Trane Link Communicating Capability
Can be transformed into Trane® Link™ communicating mode by the installer, offering enhanced diagnostics for proactive maintenance and peace of mind, providing a comprehensive upgrade to their heating experience.

Variable-Speed Blower Motor with Comfort-R™
Allows quieter system startups and shutdowns, greater efficiency and more thorough heat circulation. Also helps control humidity levels during summer months.

Vortica™ Blower
Quiet and efficient in both heating season and cooling season, and is only available from Trane.

Features and components may vary by model and are shown for illustration purposes only. As part of our continuous product improvement, Trane reserves the right to change specifications and design without notice.

¹ Registered Limited Warranty terms are available when you register within 60 days of installation. You can register online at Trane.com or by phone at 855-260-2975, otherwise Trane's Base Limited Warranty terms will apply. Base Limited Warranty information on specific products can be found on Trane.com. Ask your dealer for full warranty information at time of purchase. Warranties are for residential and multi-family use only, some exclusions may apply. Product Registration and Registration Transfer exclusions vary in the US from state to state and in Canada from province to province. To determine if there are specific exclusions for your state or province check your local laws.

THE CENTER OF HOME COMFORT

Elevate your environment and experience a new level of home comfort with a Trane Smart Thermostat

Custom Comfort

A connected HVAC system is the foundation of a comfortable home. Trane's offerings are designed with each homeowner's unique lifestyle in mind, prioritizing flexibility and personalization so they can enjoy home comfort on their terms.

Seamless Connections

Trane's smart comfort systems are engineered to integrate effortlessly into a home and homeowners' daily lives. Easy to install, use and connect to Trane systems or other smart devices, a smart HVAC system enables unparalleled convenience and control.

Proactive Diagnostics

Trane's smart diagnostics, enabled by any Trane smart thermostat, allow dealers and technicians to predict and prevent issues before they arise. These proactive capabilities ease the maintenance process for homeowners, allowing them to focus on what matters to them most.

TRANE DEALERS ARE AS HARD TO STOP AS A TRANE ITSELF.

Independent Trane dealers take great pride in creating your perfect indoor environment. They are some of the most highly trained professionals in the business—with an extensive understanding of the movement and conditioning of air and the expertise to recommend, install and maintain the right system for your home.
